New School App

Dear Parent

I hope you and your family are well.

In order to improve communication with our school community during these unprecedented times, when school is closed, we have launched a smartphone app which is free to download and works with iPhones and Android phones.

This will be the easiest and quickest way for parents to stay in touch with school over the coming weeks and months. The app is powered by our school website which means that when you download it, you will have a single place to receive and access important messages along with calendar events, newsletters, latest news and all information pages within the school website.

To set up the App, download it as a guest user by visiting your app store and searching for **TheSchoolApp**. You will then be asked to type in the name of the school you are looking for.

Please download the app today.

Yours faithfully

Richard Woolsey
Principal
