

BALLYORAN PRIMARY SCHOOL

Transition Policy for Children with Special Educational Needs

January 2022

Rationale

At Ballyoran Primary School, we aim to develop all children to their full potential.

It is recognised by Ballyoran Primary School that although transitions are a regular process rather than a single event in school life and can be exciting for some pupils with special educational needs (SEN); others will find the experience of moving between the various phases more challenging and will require extra support to enable them to make progress within their education.

Therefore, this transition policy will outline the roles and responsibilities involved in ensuring a whole school approach which is designed to support pupils with SEN in adapting to their new learning environment, so that they can show progress in all aspects of their learning.

Definition

For the purpose of this policy, transition will be defined as the “means by which children experience a smooth passage from one setting or stage to another” (Department of Education, 2015).

Policy Aims

This transition policy aims to outline the high quality teaching, learning and assessment strategies identified through whole school planning and advice received from external agencies where appropriate, to support the unique challenges that may be faced when trying to meet the individual needs of pupils with SEN at the following phases:

- Home/SureStart/Creche to Nursery
- Nursery to Year one
- Year group to year group
- Primary to post primary
- Newly-enrolled pupils with SEN throughout the school year.

A successful experience of transition at each of these distinct stages will help children with SEN to settle well into the routines and organisation of school life at Ballyoran Primary School. The pace and quality of the teaching delivered will ensure that children continue to build upon their prior knowledge and experience so that they can make progress in all aspects of learning and reach their potential.

Equal Opportunities and Inclusion

At Ballyoran Primary school, the views of the pupil with SEN, their parents and staff regarding their thoughts and concerns about transition are actively sought, acknowledged and valued.

By involving pupils and considering the individual needs of the pupil from their perspective, as well as information obtained from parents, school staff and other agencies, a well-planned and co-designed transition process will help to outline what is expected of them ahead of transition to the next chapter in their learning. This will provide an opportunity to help the

pupil to develop independence and confidence in their ability to manage change within a supportive environment.

Staff at Ballyoran Primary School are committed to listening to and working in partnership with parents, to support them in preparing their child with SEN for either beginning or leaving school as well as the movement into the next year group or to the Learning Support Class. This will facilitate better home-school communication links so that the parents can feel confident about expressing their views and knowing who to speak to if they have any concerns about their child.

Since transition is a process that may pose additional challenges and barriers for pupils with SEN, teachers at Ballyoran Primary School use their professional judgement, skills and expertise in assessing, planning for and using a range of strategies and activities in the best interests of the child. Information, including medical or social service reports, is shared with staff, in a sensitive manner and in the strictest of confidence. Transfer of information is in line with the school's Data Protection Policy.

Additional adult assistants are also included in the development of the transition processes and policy as they play a valuable role in supporting the individual needs of pupils with SEN.

Transition Activities

Staff at Ballyoran Primary School in conjunction with pupils, parents and other professionals where appropriate, have identified the following activities as the best practice that they can offer to support the transition for pupils with SEN at each of the key phases of transition which are outlined below:

SureStart/Home/Creche/Playgroup to Nursery

Lead responsibility – Mrs Mulholland and Mrs McGuire

For some children it is often the first time they may have been away from their home environment and is the first step towards independence. Parents are given opportunities to share this information. Communication with parents begins in April with an acceptance letter and Induction booklet.

Mrs McGuire, SENCO will liaise with the EA Educational Psychologist to gain information on children who have SEN and are known to the Psychology Service.

The following activities aim to support children to settle into their new environment and to support parents who are possibly anxious and emotional at this time of transition.

- Clear communication with parents.
- Translated letters if necessary.
- Induction meetings for parents in June.
- Nursery teachers meet staff from SureStart
- Induction sessions for pupils in small groups in September.
- Parents are asked for copies of reports from SureStart or Playgroup
- Staggered, phrased start in September, all pupils attend by the end of September.

Nursery to Year One

Lead responsibility – Mrs Mulholland and Mrs McGuire

This phase of transition is important in creating a positive experience for children with SEN who are starting their primary education at our school.

Parents are encouraged to talk to their child about their feelings regarding school. They are also advised to ensure that their child is well rested each night, setting good routines for getting ready for school in the morning and making sure that they have everything they need for school so that they leave home calm and relaxed each morning.

The following activities put the child with SEN at the centre of assessing and planning to meet their individual needs:

- Year one teacher to visit Nursery classes to meet children and discuss individual children with class teachers.
- Nursery pupils visit Primary setting for “stay and play” sessions.
- Parents attend Year One induction talk in June facilitated by the Year One teacher.
- The Pre-School Transition Record which is used to record strengths and concerns about individual pupils is forwarded with consent from parents, to the Primary School in June.
- With consent and in line with our Data Protection policy, services who are already involved with pupils who are enrolled for September will be contacted for information on level of needs.
- Consideration of staff capacity building and training needs to support SEN pupils.
- If beneficial, individual pupils can visit the school in August with parents to become familiar with the classroom, canteen and playground.
- A staggered approach with small groups of pupils attending per day for the first week, increasing so that all pupils attend by the end of the first week.
- A phased approach to settling pupils in September, e.g. all pupils in school the second week for a shorter day.

Year group to year group

Lead responsibility – Mrs McConville, Miss Abraham and Mrs McGuire

Transitioning to the next class group in September can be a time of anxiety and worry for many pupils with SEN as they need to get used to new routines, change in staff and the increasing level of difficulty in the work provided as well as expectations about how work should be completed or behaviours accepted within the classroom setting.

The following activities aim to build upon the knowledge of the pupil and consolidate their attainments to ensure that they enjoy continued success in their learning:

- A meeting is held during the summer term between the pupil's current teacher and the teacher for the following year to discuss support strategies and provision.
- The child's current class teacher shares "what works" with a child with their next class teacher.
- A class file with relevant information such as reading groups, differentiation groups is passed from current teacher to new teacher.
- The current class teacher alerts the next class teacher about potential areas/situations that are concerning for individual pupils e.g. peer relations, classroom layout, seating arrangements, issues with completing tasks, following instructions and lining up. A copy of this will also be kept in the class file.
- Individual Education Plans, tracking and assessment data about the pupil's needs and progress are shared and stored electronically on RM Staff.
- Pupils visit new class for a session in June.
- Parents are informed about the changes to the daily routine and are encouraged to speak to the new teacher to highlight any concerns that they may have.
- Assemblies, charity events, Daily Mile, Book Fair, non-uniform days and World Book Day are provided throughout the year so that pupils throughout the school have the opportunity to be included in activities to help familiarise them with other staff and pupils.
- "This is Me" workbook to be completed by the child during the summer holidays. This can be used by parents to discuss with their child any concerns they may have about moving to the next class. The child returns the completed workbook to the new teacher in September which helps the teacher to build conversation and rapport with the child.
- Pupils with SEN may be invited to visit the school individually in August with their parents to meet the new teacher and to become familiar with the new classroom environment.
- Parent-teacher meetings are held during the first school-term (October), so that parents can meet the new teacher and discuss the targets for their child's individual education plan as well as an outline of work which will be covered during the school year.
-

Newly enrolled SEN pupils to Mainstream and Learning Support Class throughout the school year

Lead responsibility – Mr Woolsey and Mrs McGuire

Ballyoran Primary School offers a warm welcome to pupils with SEN and their parents who choose to join our school throughout the year.

The following activities aim to provide a supportive environment so that the pupil feels included and happy about coming to school and parents will feel confident in the knowledge that their child will be encouraged to reach their potential:

- An initial meeting is held between the principal, SENCo and parents of child to be enrolled.
- Individual tours of the school are offered to incoming parents and children.
- Parents are provided with a copy of the school prospectus.
- Pupils are given time to settle into their new routines. They will be observed and assessed as necessary by the class teacher or SENCo.
- Parental permission to access pupil records from previous school is sought.
- SIMS data passed on from previous school (CTF file).
- A “buddy” is identified to help the new child to integrate.
- Consent is sought to follow-up with any services currently involved with the child or to make an onward referral for advice and support. Parents will be made aware of the purpose and expected outcome of each request.

Primary to Post Primary

Lead responsibility – Mrs Walker, Mrs Heaney and Mrs McGuire

At Ballyoran Primary School, we recognise that some of our pupils with SEN will face additional challenges during the transition phase from primary to post primary. We have established close links with the range of post primary schools that our pupils transfer to once they finish their primary education.

The following activities aim to guide the pupils with SEN through the process as effectively and efficiently as possible so that any concerns can be addressed in a timely manner:

- Parents are encouraged to attend open evenings at post primary schools with their child which will be held at various times throughout the year.
- Applications for post primary placements for most pupils including those with SEN (Stages 1-4 of the Code of Practice) are submitted by February of the Year 7 year.
- For pupils who are subject to a statement of SEN (Stage 5), the Educational Psychology Service will review the child’s needs in consultation with the parent and school and provide a transfer review report. Where a fuller assessment is required, the educational psychologist will arrange to do this.
- During October, the Annual Review of the child’s statement is arranged by Mrs McGuire, SENCO on behalf of the EA. It will include input from EPS following an earlier consultation with school and parent. The Transfer Review Consultation form (Appendix 5 of the Annual Review form) is completed. Paperwork from the Annual Review is submitted to the EA by the beginning of November.
- If the outcome of the Annual Review process carried out by the school recommends ceasing the statement, the decision to do so is made by the EA. In this case, Mrs McGuire, will inform the post primary school of the pupil’s strengths.
- Parents and children are notified about their allocated placement in May of the Year 7 year by EA Special Education: Statutory Operations division.

- Parental consent is sought to transfer information about their child's SEN to the post primary school that their child will be attending in September. The information that will be sent includes: Key Stage 2 attainment levels and relevant standardised assessment results (Example: PTE & PTM).
- A teacher from each of the post primary schools will visit the school to meet with the Year 7 teachers to gain an understanding of the needs of each pupil with SEN who is transferring to their school. They will also talk to all children.
- During the summer term, all pupils including those with SEN will take part in class activities designed to prepare them for what to expect in relation to starting Year 8 in post primary school. This will give pupils the opportunity to discuss their strengths, fears and concerns about their transition to post primary school.
- Some pupils with SEN may be invited to attend specialist workshops hosted by EA Pupil Support Services.
- Past pupils may be invited back to our school to talk about their experiences from a pupil's point of view.
- Pupils may be invited to the post primary school so that they get the opportunity to familiarise themselves with the school setting and meet their new teachers. Parents are also invited to attend on the day and will be addressed separately by the principal and other key members of staff. An opportunity will be provided to raise any concerns and issues.
- The Year 7 class is often invited to Post Primary Schools for 'Taster Days'.
- Talks by Education Welfare to Year 7 pupils often involve the 'Moving On, Moving Up' programme.
- Prize Day will be held during the second/third week in June for all Year 7 pupils to celebrate the completion of their primary education with pupils, staff and parents.

Link with other policies

This transition policy links with the following school policies:

- Admissions
- Assessment
- Data Protection
- Pastoral Care
- Safeguarding
- Special Educational Needs
- Teaching and Learning

Monitoring and review

At Ballyoran Primary School, members of the teaching staff have been allocated key responsibilities for each phase of transition. They will collaborate with Mrs McGuire, the school's SENCO and additional adult assistants, to ensure that the processes are supportive and enable transition for pupils with SEN to be as smooth as possible.

The transition policy will be monitored and reviewed on an annual basis or sooner if required by the Senior Leadership Team to ensure that it reflects examples of best practice in meeting the needs of the pupils with SEN.

Where possible, the views of the pupil with SEN and parents as well as school staff will be sought to highlight areas that are working well together with those which may need strengthened.

Useful Publications/Resources

Ballyoran Primary School found that the following publications/resources were useful in the development of this transition policy:

Council for Curriculum, Examinations and Assessment
